WEDNESDAY...FEBRUARY 17

MRS. TERRY'S MADNESS.

The news comes from San Francisco that Mrs. Terry, the central figure of the Sharon divorce case, is now a mental and physical wreck with her reason a complete blank.

It is impossible for anyone, inspired by the common sentiment of humanity, not to feel a sympathy for this unfortunate woman. That her brain and body did not long ago give way under the extraordinary strain imposed upon it, is a wonder.

The famous litigator who scandalized society, ruined several lawyers, caused the assassination of Judge Terry and drove Sharon to his grave, is a matter already familiar to the public.

In all history, no case was ever presented with more remarkable and startling features and none was ever contested with more bitterness and determination on both sides. Amid so much perjury and bribery the public found a fair estimate of the merits of the case almost impossible and to this day hot discussion of it continues.

While public sympathy was largely with the plaintiff through the trial, her refusal to accept as final the decision of the Court that she was Sharon's lawful wife and her subsequent fight for the estate, lost her many friends as it showed that she wanted money as well as a vindication of her character.

Had she dropped the litigation for the estate and been content with a decision establishing her right to the name of Mrs. Sharon, the shameful proceedings which followed might have been avoided.

To save the Sharon mill ions it was necessary to move the case into Field's Court where a favorable decision for the defendant was a certainty.

Terry, firmly believing in the justice of his client's case married her.

However ill-advised might have been this step, it sprang from honest motives and was the act of a brave nature and heroic heart.

When Terry was murdered there was another terrible public excitement and his assassins escaped the punishment which belonged to them by a flagrant usurpation of Federal authority over the State Court of California.

It has been a drama of lust, intrigue, crime and brutality such as seldom before witnessed, and along the line one sees the wrecks of reputations and the ghostly shapes of nameless horrors that pen and tongue shrink from describing.

The last scene in the succession of terrible tableaux is the madness of the woman whose folly and persecutions was the pivot about which the whole wretched phantasmagoria revolved.

The history of the case will never be written unless old Mammy Pleasant, the clearest headed of them all, some day decides to speak and if she dared to do so she could give the public a view behind the scenes which would make the most startling picture yet presented to its consideration.
